## Aeroplane Mail Service for Maui

### Congressman Austin Will Try to Get Postoffice to Inaugurate Air Service Between Islands.

An aerial mail route, with once-a-day service between Oahu, Maui, Hawaii and Kauai.

That is one project that is to be considered as the result of the present inter-island tour of the congressional party. Powerful hydro-aeroplanes could make the flight from Honolulu to Hilo under three hours, touching on Maui, while another sky run could be inaugurated between Honolulu and the Garden Island, if the Oahu-Maui-Hawaii venture proved a success.

Representative R. W. Austin of Tennessee, is the originator of the flying mail idea, and he intends to interest other members of the party in the venture, and confer with the postmaster-general as soon as he returns to Washington.

"I believe that the people of the outlying islands are entitled to a more frequent mail service," said Representative Austin. "I realize that the passenger and freight traffic between the islands isn't heavy enough to justify a daily steamer run, but that's no reason why the resident of Hilo, for instance, should be cut out of his morning paper, for in the case of aeroplanes it is a question of time and money, and not of weight. A short while ago the postmaster-general was very anxious to establish an aerial mail line on the United States, but there, with fast and frequent train service, it seemed like a waste of money. Here it is a very different matter, and I shall certainly give it my attention as soon as I return."

## New Law Makes Real Co-operation Possible

### Maui Homesteaders Instrumental in Securing Modern Measure to Safeguard Community Enterprises.

The new co-operative association law which became effective on April 27, upon signature of the Governor, is of special interest on Maui, the Kula and Haiku farm districts being largely instrumental in having the measure drafted and passed. Because of this interest, and because of the fact that a number of minor amendments were made to the bill before it was finally passed, it is published in full as follows:

**ACT 186.**

**An Act Relative to the Incorporation of Co-operative Associations.**

Be It Enacted by the Legislature of the Territory of Hawaii.

Section 1. Any number of persons, not less than five, who are residents in the Territory, may associate themselves as a corporation, association, society, company or exchange, for the purpose of carrying on any business or undertaking, either mercantile or agricultural, on the cooperative plan. For the purposes of this Act, the words "association," "company," "exchange," "society," and "union," shall have the same significance and shall import a corporation.

Section 2. The corporation shall be formed in the manner prescribed in, and be subject to, the provisions of Chapter 181 of the Revised Laws of Hawaii, 1915, and all Acts in amendment thereof and in addition thereto, so far as they are not inconsistent with the provisions of this Act; provided, that the word "cooperative" shall form a part of the name of corporations formed under this Act, and no corporation not organized under this act shall use the word "cooperative" as part of its name.

Section 3. No person shall own more than ten per cent. of the shares of the capital stock of corporations formed under this Act, and no shareholder shall be entitled to more than one vote, irrespective of the number of shares held by him, on any subject pertaining to the corporation or its management.

Section 4. Any corporation formed under this Act may authorize the investment of its reserve fund or any part thereof, in the building in which it is doing business, or second, in first mortgage of real estate owned and occupied as a dwelling by any of its stockholders.

Section 5. The earnings of every such corporation shall be apportioned in the following manner:

1. Not less than ten per cent. of the annual profits shall be set aside for a reserve fund until there is accumulated in said reserve fund an amount of not less than ten per cent. of the paid-up capital stock.
2. Dividends on the paid-up capital stock, not exceeding eight per cent. per annum, may be declared and paid.
3. The remainder of such earnings, if any, shall be distributed by a dividend upon the amount of business done with the association by shareholders and upon the amount of wages earned and paid to employees of the corporation, in proportion to such business and wages, such distribution to be made to the persons entitled thereto at such times as the by-laws of the corporation shall prescribe, which shall be at least once each year.
- Section 6. The amount of debts which any corporation formed under this Act shall owe, shall at no time exceed the amount of its paid up capital stock plus the amount of its other assets.
- Section 7. All books of corporations formed under this Act shall be kept in such manner as is approved by the bank examiner of the Territory, and such corporation shall, at least once each year, present for examination by such bank examiner such books as said bank examiner may require. Provided, however, that such bank examiner shall not be required to audit such books unless such corporation is doing a credit union or other fiduciary business.
- Section 8. A corporation organized under the provisions of this Act shall be subject to the provisions of Section 3305, Revised Laws of Hawaii, 1915, relating to the payment of fees by corporations to the treasurer of the Territory.
- Section 9. This act shall take effect upon the date of its approval.

Approved this 27th day of April, A. D. 1915.

LUCIUS E. PINKHAM,  
Governor of the Territory of Hawaii.

## Dan Cupid Busy in Makawao

(Special Correspondence.)

MAKAWAO, May 13.—The prospective opening of homesteads in Makawao seems to hasten the bachelors to look for wives. Below are some that were united in the bonds of matrimony the last week.

**Franklin—Madeira.**

Last Saturday, Mr. Benjamin Franklin and Miss Carrie S. Madeira, both of Kaupakalua, were married at the Makawao Catholic church. Ceremony performed by the Rev. Father Anthanasius.

**Pinheiro—Phillips.**

Manuel Pinheiro, the well known chauffeur of Makawao, and Miss Virginia Freitas Phillips, the popular young lady of Makawao, were married last Sunday morning at the St. Joseph's church.

**Stange—Pieper.**

Last Monday, May 10, another wedding took place in the Makawao Catholic church, this time it was Miss Agnes Pieper, formerly a teacher in the Pala school, and Mr. Robert O. F. Stange, a traveling salesman from Honolulu. The Stanges expect to make their future home in Honolulu.

**Died.**

Manuel Silva Amorim, for over 30

## On the Other Islands

**Would Cut Out Supervising Principal.**

Kaui recommends the abolition of the office of supervising principal of schools. The office was declared a failure as far as Kaui is concerned at a recent meeting of the Mokihana Club in Lihue. The members believe the principal should have greater freedom in the management of his school and should deal directly with the board.

**Breakwater Engineer in Hospital.**

Richard Quinn, assistant engineer to Colonel Bromwell, was operated on for appendicitis at Fort Shafter hospital a few days ago. The operation was entirely successful and the young man is getting along as well as can be expected.

**A standard form of dress for school girls is being discussed by the Punahou Mother's Association.**

**Miss Momi Keola will give a demonstration from the commercial department, and Miss Mabel Wilcox will give the introduction to several musical numbers in connection with the Punahou Academy commencement exercises next month.**

**Many To Take Exams.**

It is estimated that at least 25,000 pupils in the grammar grades of the public schools of the territory will be in line for promotion through final examinations next month. A committee headed by George S. Raymond, inspector of schools, now is at work on examination questions.

**Smoot Against Statehood.**

"If I, an American citizen, had all my holdings in these islands; if I loved Hawaii as you do; if I expected my children to live here in this garden spot, even then I would say it would be extremely unwise for Hawaii to have statehood granted at this time."

These were the words of United States Senator Reed Smoot on the occasion of the luncheon by the Commercial Club in Honolulu on Wednesday.

**Prof. P. S. Burgess, formerly assistant professor of soil chemistry and soil bacteriology at the University of California, arrived in Honolulu in the Wilhelmina to fill the vacancy in the staff of the H. S. P. A. experiment station created by the promotion of S. S. Peck.**

**Opera Leader May Head Band.**

So charmed is Senor Chevalier Luigi Di Rocca, conductor of the Bevan Grand Opera Company's orchestra, with Hawaii that he has offered his services to the city as director of the Hawaiian band, according to Supervisor Horner.

Mr. Horner said he understood Senor Rocca would accept an offer from the city carrying a salary of \$200 a month. At present Peter Kalani, assistant leader of the band, is temporarily filling the vacancy created by Captain Berger's retirement.

**Killed in Walakea Mill.**

Leon Foronda, a Filipino mill worker, was instantly killed last Friday morning in Walakea mill, as a result of his clothes catching on a screw of a rapidly revolving shaft. He was whirled round and thrown off so quickly that all was over almost before the trouble was seen, and he was picked up, dead, with skull, arms and leg broken.

### Army Would Dodge Auto Tax.

A test case to determine whether army officers residing on federal government property and owning automobiles are required to pay the territorial automobile tax as provided for in section 1228 of the revised laws, has been brought into circuit court in a bill for injunction filed by Capt. A. F. Cassels, 1st Field Artillery, with station at Schofield Barracks, against Charles T. Wilder, tax assessor and collector of the first taxation division.

The bill contends that on January 1, 1915, the date on which taxes are levied on all property in the territory, Capt. Cassels was, and now is, owner of an automobile, and that at no time during the first day of January, 1915, was the automobile without the confines of Schofield Barracks.

### Carnival Company Elects Officers.

At a meeting of the directors of the Mid-Pacific Carnival, Ltd., held last week, J. F. C. Hagans was elected president, George P. Denison, vice-president, S. M. Lowrey, secretary, and Frank E. Blake, treasurer. These men with the directors will appoint a director-general for the 1916 Carnival, and have general responsibility for the success of next year's event.

### CARD CLUB MEETS.

The Wailuku Card Club was entertained most delightfully at the home of Mr. and Mrs. D. H. Case, on Wednesday evening. Seven tables were played, and there were a number of on-lookers. Delicious refreshments were served. The meeting was one of the most pleasant yet held by the popular organization.

### CHANGE ON CLAUDINE.

Tom Burningham, formerly with the Inter-Island, but more recently connected with the von Hamm-Young Company, as salesman, is back to his first love, and greeted his old friends this week, as freight clerk on the Claudine. He has succeeded Frank McKenzie, who is now on the Kilauea.

years a luna in the Pala plantation, passed away on May 2, at Pala hospital. Deceased was a native of St. Michaels, and leaves a widow, three sons and three daughters to mourn his loss.

## Cummings' Colts Take The Candy

### Win Their First Game in 10 Innings From Paia—Hansen Shows Class—Fans Get Money's Worth—Will Try Puunene Tomorrow.

**Sunday's Results.**

Hawaii 5; Paia 4; 10 Innings.

Maybe George Cummings' Colts are not broken to harness, and then again maybe they are. Anyhow, last Sunday they surprised their critics and pleased their supporters by the showing made in the game against the Paia aggregation at Wailuku Park.

It was some game, and it took ten full innings to reach a decision. There were but eight hits all told, and the score stood 5 to 4. It was snappy ball from start to finish; just the article to delight the fans. The attendance was fairly large and by the enthusiasm shown during the first two games of the series, this season will prove the banner one.

Hansen, the young slabster of the Hawaii, made a very creditable showing, allowing but two men bases on balls. Showing remarkable coolness, speed, and a clear head, this youngster is marked to make a showing in the baseball world in time. He is also some wallower, laying the willow on the horse-hide for two hits Sunday.

The Hawaii were first to bat, and scored a run when, after two were down, Hansen drove the sphere to center scoring Maxwell, who reached first sack on an error of the Paia third sacker. In the third, Kama, of the Hawaii, scored on Alvin Robinson's balk; and in the fifth Kama again scored with the assistance of a hit and a passed ball. In the tenth with the score tied, Cockett and Hansen scored, after a base on balls was allowed and two hits made.

For the Paia, Foster Robinson scored on a hit, a stolen base, and a couple of passed balls in the second frame. There as nothing doing for them until the sixth, when on a couple of hits, and an error, Henry Robinson and Yamoto scored, tying the score in that frame. In the tenth Alvin Robinson, after getting to first on balls, stole second, reached third on a passed ball and scored on a sacrifice fly to center. The inning closed with Yamoto's fly to left garden, leaving H. Robinson on first sack.

Tomorrow afternoon's game will be between Cummings' Hawaii and Paschoal's Puunene champions. These teams have faced the fans in a game apiece, and the stage fright being taken out of them, there is no reason why a snappy and fast game should not result between these teams.

The Puunenes have had two weeks of hard practice, and the Hawaii have been on the ground every night, getting ready to add another winning. "Blondie" Williams, it is understood, is showing great form, and is expected to make the Wailuku Colts take the strike-out route to a certain extent. The line-up of both teams is expected to be the same as on their first appearance.

It is common talk that Willie Bal and Hymie Meyer would like to do the Hawaii's suit this season. There is no denying the fact that these men would be a strong addition to Cummings' team, being experienced slabsters, and good stickers, and if they will keep their places on the team as players, it would be to the advantage of the Hawaii to put them on the team. It is not good sport to allow two good players to become "rusty" for lack of playing, provided,

## Puunene Win Bowlers By Small Margin

By noosing out the Gymnasium team in two close games out of three last Monday night, the Puunene Athletics hold the honors for the second bowling match of the season. The first match was a tie. In the second match, the Wailuku won the first game, but the next two went to Puunene by a few pins. The scores were generally low, due to new pins on the Gym alleys.

The next match will be bowled at Puunene, but has been postponed from next Monday night on account of the

## Chinese Win in Eleven Innings by Close Score

### With Haikus as Opponents They Put Up Exciting Exhibition—Now Has Good Lead.

The Juniors had only one game last Sunday. It was between the Haikus and Chinese, resulting in the Chinese beating their rivals by a score of 11 to 10 in an 11th inning game.

This game was as exciting as any big league exhibition although the scoring was too high. At the end of the ninth inning the score stood 6 to 6. Round number 10 found both teams blanked and unable to score. But in the 11th inning, in their first half, the Haikus started with a bombardment on Equing's deliveries and netted them four runs. At this stage of the game cheers went up from the roosters of the Haikus who were so sure of the game that nothing could stop them.
